

IN THIS CLASS, WE SET OUR OWN NORMAL!

We can have
different brains
(neurodiversity)

We can have
different backgrounds
(cultural
diversity)

We have
different
bodies...

...and ways of
expressing our
gender

We don't always get to know
everything about someone's
journey, but we DO need to
treat them with RESPECT...

We can make sure everyone feels **COMFORTABLE, SAFE and LIKE THEY BELONG** by:

Using inclusive language

Listening when people tell us what they need.

Reflecting on our actions and being open-minded about changing our beliefs and behaviour

Speaking up about what we need and doing the same for others.

We can make sure everyone is
ABLE TO DO THEIR BEST WORK by:

Learning from
and about each
other

Embracing
challenges and
thinking
critically

Choosing tools and environments that
suit our own, different learning needs

Knowing our strengths and working to
improve on our weaknesses
